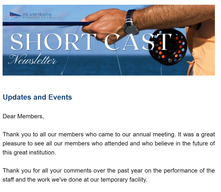
ISLAMORADA FISHING CLUB EST. 1950

April 2024



Updates and Events

Dear Members,

Thank you to all our members who came to our annual meeting. It was a great pleasure to see all our members who attended and who believe in the future of this great institution.

Thank you for all your comments over the past year on the performance of the staff and the work we've done at our temporary facility.

If you have a friend or neighbor who you think maybe interested in membership, bring them in for dinner or a cocktail. Remember, you, as current members, are our greatest asset in attracting future members.

Every Month, I Receive questions about member billing. We bill your credit card twice a month. On the 1st of the month, which covers all charges from the 15th of the prior month to the end of the prior month, plus dues. The 2nd billing is on the 15th of every month, which covers all charges from the 1st to the 15th of the current month. If you have any questions regarding your statements and or the billing process, don't hesitate to call me. I hope this explanation helps.

Things are moving quickly with the construction. The second floor forms are being worked on daily, and the south stairwell has also been formed.

The service elevator cement was poured and the forms removed and the block work will be starting soon for the pit as well as the north side stairwell.

- Vinnie

Presidential Update

Dear Members,

Construction on the new building continues to move further along and at a fast pace. We need to continue the progress and keep up with the funding necessary to complete the project.

The assessment "click to pay" invoice was sent just before April 1st. If you have not received one, please check your spam/junk folder for an e-mail from assessments@theislamoradafishingclub.com.

It is very important at this time that your outstanding assessment payments be brought current immediately. If you have an outstanding balance, please contact Vinnie with your credit card information to pay the balance owed.

We are currently on track to complete the project Spring / Early Summer of 2025. Let's keep the ball rolling by making sure we have the funds to continue the project and prevent any delays.

Sincerely,
Joe Roth, President
Board of Directors
